OUR MISSION

To serve, to heal, to educate.

We accomplish our mission through innovative and effective systems of care and by bringing people and resources together, creating value for our patients and the community.

OUR VISION

Cooper University Health Care will be the premier health care provider in the region, driven by our exceptional people delivering a world-class patient experience, one patient at a time, and through our commitment to educating the providers of the future.

Cooper University Health Care

Cooper University Health Care is Cooper University Hospital and a network of more than 100 outpatient locations throughout the region, including a surgical center in Voorhees and Urgent Care Centers in Cherry Hill and Audubon. And coming soon to Cinnaminson and Runnemede.

Cooper Health Sciences Campus

Cooper's Health Sciences Campus has pedestrian-friendly streets that link Cooper University Hospital, Three Cooper Plaza, the Coriell Institute, parking garages, and community parks. Cooper Medical School of Rowan University and MD Anderson Cancer Center at Cooper are the newest additions to the campus.

MD Anderson Cancer Center at Cooper

MD Anderson Cancer Center at Cooper, a partnership with the number one cancer center in the U.S., provides patients and their families with advanced cancer care, access to cutting-edge clinical trials, and a full range of supportive care services in a comfortable, healing-focused environment.

Cooper University Hospital

Cooper University Hospital includes the Roberts Pavilion with a spectacular lobby, private patient rooms, a critical care floor, and operating room suites; the Kelemen building with the Emergency Department, Level I Trauma Center, and the Children's Regional Hospital at Cooper; and the Dorrance building with mother-infant services, labor and delivery, the Level III NICU, and a regional perinatal center.

Cooper Medical School of Rowan University

Interim Dean: Annette C. Reboli, MD
Cooper Medical School of Rowan University addresses the challenges of 21st century patient care through an innovative curriculum emphasizing community service.

(CONTINUES ON REVERSE SIDE)

Center for Critical Care Services

Medical Director:

Stephen W. Trzeciak, MD, MPH

Critical Care Medicine treats the region's most seriously ill patients including those transferred to Cooper from area hospitals. The program provides diagnostic care and technology in the treatment of cardiogenic shock and respiratory failure.

MD Anderson Cancer Center at Cooper

Medical Director:

Generosa Grana, MD, FACP

- Multidisciplinary programs for the treatment of breast, gastrointestinal, lung, gynecologic, genitourinary, hematologic, head and neck, orthopaedic and neurologic cancers, and melanoma.
- Provides access to advanced cancer diagnosis and treatment, innovative clinical trials, supportive care, cancer prevention, and early detection services.
- Services available in Camden, Voorhees, Willingboro, Mount Laurel, Egg Harbor, and other locations throughout South Jersey.

Cooper Heart Institute

Medical Co-Directors:

Fredric L. Ginsberg, MD, FACC, FCCP

Phillip A. Koren, MD, FACC, FSCAI

- One of the most comprehensive cardiovascular programs in the region.
- Provides a full range of heart care from prevention and diagnosis to the most innovative, non-surgical techniques and surgical treatments, including stenting procedures, heart surgery, and minimally invasive procedures.

Cooper Neurological Institute

Medical Director:

Alan R. Turtz, MD

- Multidisciplinary program including neurology, neurosurgery, and physical medicine and rehabilitation.
- Areas of specialty include pituitary, brain tumor, spine surgery, and medical and surgical management of seizure disorders, stroke, headaches, and movement disorders.
- Cooper Gamma Knife Center® for non-surgical treatment of brain tumors.
- Primary Stroke Certification from The Joint Commission.

Urban Health Institute

Medical Director: Steven T. Kaufman, MD

The Urban Health Institute is leading the way in redesigning health care to meet the needs of an underserved population. The founding principle is to ensure that community residents have access to quality health care. It includes:

- Cooper Advanced Care Center provides the local underserved population with

unprecedented access to a collaborative practice of 21 specialties under one roof including internal medicine, specialty medicine, outpatient surgical subspecialties, and orthopaedics. The Center incorporates traditional provider visits with group visits, open-access scheduling, and enhanced access to support services.

- Camden Coalition of Healthcare Providers whose key role is knowledge dissemination and communication among organizations in the City of Camden.

Center for Population Health

Medical Director: Mark Angelo, MD, FACP

Focuses on improving health outcomes by providing collaborative and forward-thinking initiatives that align provider and managed care entities.

- Cooper Collaborative Care provides enhanced care management to individuals with a history of chronic and complex health conditions.

Center for Urgent and Emergent Services

Medical Director: Michael E. Chansky, MD

Services include: Cooper Emergency

Department; Urgent Care Centers;

911 Emergency Medical Services;

Air Medical Services; and, the Cooper

Transfer Center.

Surgical Services Institute

Medical Director: Jeffrey P. Carpenter, MD

As South Jersey's premier tertiary care provider, the Surgical Specialties Institute provides the highest quality of care for every patient. Committed to excellence in education, research, innovation, and leadership, the Surgical Services Institute at Cooper offers patients cutting-edge surgical options in a world-class facility performed by some of the region's top surgeons.

- Specialties include cardiothoracic surgery, colorectal surgery, general surgery, bariatric surgery, oral-maxillofacial surgery, otolaryngology (ear, nose and throat), pain management, pediatric surgery, plastic and reconstructive surgery, surgical oncology, trauma, urology, vascular, and endovascular surgery.
- Cooper Aortic Center offers the latest technological breakthroughs in minimally invasive repair of aneurysms and aortic diseases.
- Cooper Level I Trauma Center and Level II Pediatric Trauma Center treats more than 3,500 critically injured adult and pediatric patients a year.

Women's and Children's Institute

Medical Co-Directors:

Michael H. Goodman, MD, MMM, FAAP

Robin L. Perry, MD, FACOG

- South Jersey's only state-designated children's hospital – Children's Regional Hospital at Cooper.
- The most comprehensive pediatric program in South Jersey with 27 medical and surgical specialties.
- Board-certified pediatricians in-house 24/7.
- Comprehensive services for women including obstetrics and gynecology, perinatology, and female pelvic medicine and reconstructive surgery.
- The Ripa Center for Women's Health and Wellness at Cooper provides access to a network of Cooper physicians so women can get expert medical attention, and seek wellness guidance from recognized leaders.

Nursing

- Number of nurses employed: 1,250+.
- Clinical specialty care expertise – from premature infants through geriatric care.
- Shared governance structure in place including nurse councils on clinical practice, performance improvement, research, professional development, and administration.
- Nurse Residency with Transition to Practice Program for nurses new to the profession.
- Full preceptor program and nurse externship.

Nursing Education

- Clinical education site for eight schools of nursing with over 1,000 students on site each year.
- Approved provider of continued Nursing Education by the New Jersey State Nurses Association, offering approximately 100 classes.

Graduate Medical Education

Cooper University Hospital offers 15 residency and 19 fellowship programs, approved by the Accreditation Council for Graduate Medical Education (ACGME).

Cooper also offers two programs accredited by the American Osteopathic Association (AOA) and one program accredited by the Council on Podiatric Medical Education (CPME).
