

Intended Audience:

The intended audience for this conference includes primary care physicians and specialists in emergency medicine, neurology, and neurosurgery. Residents, fellows, advanced practice nurses, physician assistants, nurses, radiology technicians, and other physicians with an educational need or interest in this topic may also attend.

Overall Learner Objectives:

The 3rd Annual South Jersey Neurovascular and Stroke Symposium will serve to unite multiple health systems with the common interest of improving stroke patient care and outcomes. The symposium will feature topics presented by specialists in the management of acute stroke and neurovascular emergencies. Topics will include best practices utilized across the nation to reduce door-to-needle times, improve patient outcomes, and improve patient and general medical provider recognition of acute strokes and neurovascular emergencies.

Discussions will also be held regarding new guidelines released by the American Heart Association and the American Stroke Association. Other sessions include case reviews, panels with experts within the field of emergency medicine, and a panel that will offer the perspective of those who are with the patients in the ICU.

Participants will leave with a greater understanding of the complex nature of acute stroke and neurovascular emergencies, and what the future may hold for this dynamic field of medicine.

Accreditation/Designation/Disclosure:

The Cooper Health System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Cooper Health System takes responsibility for the content, quality, and scientific integrity of this CME activity.

The Cooper Health System designates this live activity for a maximum of **8.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **8.5 MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Successful completion of one hour of a continuing medical education (CME) course recognized by the American Medical Association, the American Osteopathic Association, or the American Podiatric Medical Association is equal to one hour of continuing education for New Jersey nursing license renewal (New Jersey Board of Nursing 13:37-5.3).

All faculty participating in continuing medical education activities sponsored by The Cooper Health System are expected to disclose to the audience any real or apparent conflict of interest related to the content of their presentation.

Pursuant to the Physician Self-Referral Law (Stark Law), Cooper is limited in the amount of nonmonetary compensation that it may provide to physicians. To ensure that it meets these regulatory limitations, Cooper documents the monetary value of your participation in each Cooper CME activity. If the monetary value provided to you would exceed these regulatory limits, you must pay to participate in the additional CME. Should you have any questions or wish to discuss this further, please contact Cooper's Compliance Department at (856) 536-1309. Thank you for your interest in the CME opportunities.

Please Select One Luncheon Breakout Session:

- A)** Emergency Departments’ Role in Stroke Care: Perspectives from Inspira, Cape May, and Cooper Hospitals
- B)** Neurocritical Care Basics for New Nurses/Neuro Patient in the ICU
